REPAIR CAFE AT NANDI GARDENS BY ANOUSHKA

On September 22, LVBL organized Repair Cafe in partnership with Saahas, at Brigade Meadows. The core idea of our repair cafe events is to promote reusing and recycling. Bicycle mechanic, tailor, cobbler and knife sharpener are just some of the skilled workers who offered their services, along with an interactive session about waste management, games for children and a waste collection drive. At Brigade Meadows, we had over 30 residents avail of these services, and overall, the awareness campaign on reusability was a success.

FARMERS' MARKET AT GOOD EARTH MALHAR

On August 29, LVBL partnered with Petrichor Organics to host a Farmers' Market in Good Earth Malhar, Kengeri, bringing together farmers selling organic produce, local artisans and vendors, and activity hubs like pottery, live caricature, diya painting and paper craft. Residents gathered to shop for sustainable clothing, artisanal gifting, organic food and beverages, among others. The live chat counter from our partner, Swarg Foods, was a big hit, and our other partners like Akshayakalpa and Well-o-Sip had samples of some of their popular products too.
